BRYAN MILES INTRODUCTION

Ladies and gentlemen, the performer you are about to meet is trained in the art of thought deception. He is the only South African to be repeatedly invited back to perform at the prestigious Magic Castle, in Hollywood.

His SABC 3 television series has kept South African's questioning the true potential of the human mind. He describes himself as, *"an ordinary person with extraordinary skills"*.

Using a combination of techniques, he showcases the cracks in human perception.

Please put your hands together and give a warm welcome to Mentalist, BRYAN MILES!
